

# A Letter from Iris Morales & Stephanie Preciado

Iris and I (Stephanie) are very appreciative of all the things that you have provided for us. You have most deeply helped us in so many ways by providing us clothing for our children to stay warm during this time and cold weather. The toys that were given to the children were absolutely perfect, they each are enjoying their toys. We especially like the cookie monster and elmo given to our younger boys. We can't express how much the stroller has helped us during this time that we have to travel with all our children, it definitely takes off stress from our hands.

Thank you for taking the time to go out and consider our children when you choose out the clothing and toys for them, the time that it took to wrap the gifts and we thank you for taking the time to come and drop off all these gifts to us and taking a moment to meet our family. We hope that your holidays were as pleasant as you have helped make ours!

Sincerely,

Iris Morales, Stephanie Preciado

Bella, Josiah, Malakhi, Jeremiah, Ahlaizar, and Yarayah
